Fonts Used

The fonts used were Helvetica and Helvetica Neue UltraLight. It was fonts that I had at my disposal (gotten from a mac's font folder that I own) and I used it because it suits my aesthetic that I was going for on my website.

```
@font-face {  
  font-family: 'Helvetica';  
  src:   
    local('Helvetica'),  
    url('../fonts/Helvetica/Helvetica.ttf')  
    format('truetype');  
  src:   
    local('Helvetica'),  
    url('../fonts/Helvetica/helvetica.otf')  
    format('opentype');  
  font-weight: lighter;  
}
```
